4 months with Batonnages every 15 days

Fermentation
**During 19 days at
16°C temperature**

Tiempo de Maceración
Prensado directo

Comments:

This wine comes from a little vineyard in the Salnés area, a sub appellation in Rías Baixas DO, located on the NW of Spain at an altitude of 70 ms above the sea level. Its vines are 100% albariño variety and are located on a slope that faces to the Ría de Arousa, an estuary originated by the Atlantic Ocean and the mouth of the Umía river. The area gives rise to a unique microclimate that, together with its granitic and alluvial soils gives its wines a great personality”.
